- Empowering people to make positive changes in their community and environment.

Portland Audubon has nearly completed two years of a five-year strategic plan. A core priority moving forward is to infuse equity, inclusion, and diversity (EID) into all of the goals and work of the organization. This position will play an important role in achieving the organization’s EID goals through engagement with staff, board members, donors, volunteers and the public. We recognize that in order to serve diverse communities we must also have diversity represented in our staff. Applicants of color, immigrants, and other underserved persons are encouraged to apply.
