

## Supply List for Bird Journals for Beginners and Continuing Journalers! With Jude Siegel

### Supply List

Please bring the following to the class in a pack or bag you can carry easily. Read carefully before you go to the store and contact Jude ([colorfuljude@gmail.com](mailto:colorfuljude@gmail.com) or 503-977-1439) with questions.

all supplies may be found at Artist and Craftsman (two locations) and The Merri Artist, (online and McMinnville) . Bring this list and mention my name for a student discount.

- Lunch, snacks, water bottle
- Journal: A coil bound or sewn sketchbook with at least 90# paper that can take watercolor. Examples: Handbook, Strathmore\* ( many people like this one, decent paper and black cover), Canson and others. Size: at least about 8 x 10, your choice. This will be your journal, so choose something that you like!
- Waterproof black pen. Example: Uni Ball vision elite (light grey with black fisheye top, says waterproof)
- Faber-Castell Pitt, medium or fine

### Paints - Please read this carefully!

- A small travel palette of watercolors that hinges shut. I can make a small travel paintbox for you with 10 professional colors, for \$65. **Please order from me at least one week before class.** Other options for paints: Bring watercolors you have, or pick up a set of Prang watercolors. They are inexpensive but usable, until you want something of higher quality. I do NOT recommend student grade watercolors, like Cotman, Koi etc... you will be disappointed!
- Watercolor brush, round, size #10. Princeton makes a blend that is reasonable. My favorite is Escoda versatil #10 rigger (available online or at the listed places)
- Water containers: small yogurt size, 2-3
- Rag
- Soft pencil, #4B Example: woodless ( graphite) pencil #4B
- Kneaded eraser
