About Portland Audubon

Portland Audubon has been a leading voice in conservation for over a century. Through conservation advocacy, environmental education, and wildlife rehabilitation, we promote the understanding, enjoyment, and protection of native birds, other wildlife and their habitats. We are located in a 172-acre wildlife sanctuary next to Forest Park, just minutes from downtown Portland.

Portland Audubon believes that inspiring all people to love and protect nature is best achieved when we embrace diversity as a value and practice. In the same way an ecosystem needs many types of plants and wildlife, an organization thrives when it includes a diversity of people and perspectives. We recognize that inequities are widespread and create gaps between our present reality and our aspirations. We are committed to building a diverse and inclusive environment, reflecting the diversity of our community in our board, staff, volunteers, and members; ensuring our internal culture, business practices, and programs are welcoming and advance our diversity goals.

The Development Department works to connect supporters with their individual giving priorities through interpersonal communications, written appeals, and events. We work to provide the critical resources that fund Portland Audubon’s conservation, education, wildlife rehabilitation, and land stewardship work. We are expanding our development team to grow the organization’s capacity to address critical conservation throughout the state, advance environmental justice work, grow our equity-focused environmental education programs, and complete our Wildlife Care Center capital campaign.
