You may bring a portable chair if that is comfortable for you. (Not necessary for working in the studio)

Other optional items for setting up: a folding chair, blanket, watercolor easel, folding tv table.

Warm clothes, rain protection, layer in case it gets hot. Brimmed hat, sunscreen, insect repellent

A watercolor easel has the option to lay the paper flat so the paint does not drip. An easel is not required, but this is the easel I use: <https://enpleinairpro.com/collections/packages/products/traveler-series-watercolor-package>
